

PUBLIC HEALTH PARTNERSHIP CONFERENCE

April 28-30, 2021 Virtual

The New York State Public Health Association, New York State Association of County Health Officials, New York State Association for Rural Health and the NYS Conference on Environmental Health Directors look forward to partnering on the NYS Public Health Partnership Conference!

Air, Water, Food: Protecting Where We Live, Work, and Play

2021 Student Poster Presentations

Are you a student at a New York (or surrounding) University or College?

Are you passionate about public health?

Do you have an interesting paper, project or research study to share that has not been previously presented?

Are you competitive and wish to represent yourself and your school?

If so then you should apply for the 2021 student poster presentation!

Date: Friday April 30th

Time: 12:00-2:00 – live and virtual

As a public health or health-related student in New York (and surrounding states) here is an opportunity to highlight and share your research with other public health professionals.

Design a poster that has a specific focus of one of the themes of the 2021 NYSPHA, NYSACHO and CEHD Public Health Partnership Conference: Air, Water, Food: Protecting Where We Live, Work, and Play, or an area of interest to you and relevant to other conference attendees.

Specifically, we are accepting student poster abstracts for presentations on the following topic areas:

- Air (tobacco, asthma, climate change.)
- Water (drinking water, emerging contaminants, HABs, sugar-sweetened beverages)
- Food (insecurity, breastfeeding, food safety and sourcing)
- Housing/Built Environment (lead, walkable communities, complete streets)
- Environmental Health- Innovations in Policy & Practice

Posters will be judged by NYSPHA Board Members on the following criteria: relevance to the conference theme, engaging for health professionals, originality, educational value, and overall presentation.

Student posters will be selected for presentation at the conference from all submitted entries.

Students who are selected to present their posters will receive a free conference registration.

If your poster is selected for display, you must attend the conference remotely to present your poster.

To enter simply complete the entry form and follow the instructions for submission. Entry forms must be received by March 31st by 5:00 PM. Decisions will be made by April 12th and we will provide you with logistical instructions. We hope you will consider submitting a poster - we look forward to seeing you in late April.
